

Request for an exemption from **Introduction to Research in Genetics 447:315 or Quantitative Biology and Bioinformatics 447:302.**

*Please note: Requests for an exemption from these courses **must be made before the Spring Semester of the junior year.** In order to be exempt from se courses you must have completed, or be enrolled in, 447:430 or indicate, *in writing*, that you intend to complete an Honors Thesis in your senior year.*

This form should be completed and dropped off in the **Undergraduate Genetics Office, Nelson labs B416.**

**Name :**

**Email:**

**Please indicate the semesters that you have worked in your Research Advisors Lab (e.g, Fall 2012 and Spring 2013), the course number and the course credits for each semester.**

**Semesters in lab:**

**GPA** (students need to have a 2:80 overall GPA to get this exemption) : \_\_\_\_\_

Semester in which you took, or are taking, 447:430 \_\_\_\_\_

*or* you intend to write an Honors thesis your senior year? YES NO

**Research Advisor - Name and Email:**

**Approvals:**

The above named student has worked in my lab for the time period indicated above and will be continuing in my lab for at least one more semester. I support the student's request to replace **Introduction to Research in Genetics 447:315 or Quantitative Biology and Bioinformatics 447:302** with an additional elective course from the approved list.
