

Cancer Genetics Certificate Program (CCP)

Unlock the potential to make a difference in the fight against cancer.

Join the CCP and embark on a transformative journey:

- Research Excellence: Dive into two semesters of groundbreaking research in a Cancer Research Lab.
- Academic Rigor: Earn 6 course credits in specialized Cancer-related coursework, with 3 additional credits to expand your expertise beyond the Genetics major requirements.
- Engaging Seminars: Participate in 6 learning opportunities in Cancer Genetics, including seminars, round tables, and faculty discussions.
- Community Outreach: Contribute 20 hours to community initiatives, promoting education and supporting cancer prevention and research efforts.

Prerequisites for Certificate Program:

- Declared Genetics major.
- Minimum **3.2 GPA** (3.4 preferred).
- Submit a CV and interview with Dr. Mike Verzi, CCP Director.

Limited spots available! Express your interest before December 2024 to be considered for this prestigious program— there will be a formal application portal announced before this fall.
